School Report for 1909

To the Citizens of Scarborough:

In accordance with the Laws of the State of Maine, I submit the following report of the Public Schools of Scarborough for year ending Feb. 26, 1910.

The whole and average attendance can easily be found by looking at the school sheet.

We have 12 schools in town and all in very good condition. Our corps of teachers have labored hard for the advance of education during the past year, and in most cases, with success. The Scarborough School Committee were obliged to employ several young teachers of little or no experience, but as a matter of fact, the effort was good. In one or two cases the teacher needs more able support from the parents, for it takes the united efforts of parents, teachers and School Committee, to make a successful school.

Our High school has been under the Principalship of Mr. Charles B. Lamb, in the Spring, and Mr. A. W. Stetson, in the Fall and Winter terms, with Miss Lida E. Harmon, assistant. The school is not large in numbers, but they are doing good work, and has been highly spoken of by Mr. Taylor (State High School Inspector) and I hope the people in the extreme parts of the town will think we have a school as good as in our sister towns, and send their children to Scarborough High School, where they are qualified, instead of sending them to Saco and Biddeford and Gorham.

At this time I wish to thank the Scarboro School Committee and Townspeople for the able support which they have given me during my term of office as Superintendent of Schools of Scarboro.

BENJ. F. WENTWORTH, M. D.
